Intellinet Systems

The logo for 'ibakery' features a red dot above a red lowercase 'i', followed by the word 'bakery' in a black, cursive-style font.

Intellinet Systems

Are too many distractions impacting your business adversely?

Are you so engrossed in controlling your day to day operations that you fail to identify and take full advantage of opportunities that come your way? Your business has many aspects, so keeping tab on what is going on is not only time consuming but error prone too. Your business urgently needs a methodology to plan and control the scarce resources and effectively focus these on the best marketplace opportunities. That is what *ibakery* has been designed for! It understands the unique nature of your business to facilitate timely and accurate analytical information so that you are always prepared to move ahead.

ibakery embraces all functions of your business – **Sales/AR, Purchases/AP, Manufacturing, Inventory Control, Item Management & Tracking** in a batch / bar code environment, **Item Palletization/Depalletization, Payments** and more to facilitate a coherent execution of company game plan to achieve your business objectives.
